

Integration Guide

About the Health iPASS – Greenway Prime Suite Integration

The Health iPASS - Greenway Prime Suite integration works in to help you accelerate the check-in process, collect more accurate patient information, reduce staff time spent manually transferring patient data, and perform batch eligibility and benefits checks. Patient schedules are automatically imported into Health iPASS every morning, and in real-time throughout the current day. Health iPASS can even pull across most patient balances, saving you time and insuring accuracy!
